PREPARING FOR YOUR BOOKING

Manicures/Pedicures

- Should be completed before your henna booking.
- Henna will not go on your nails.

Hair Removal (Recommended)

- Plan any hair removal before your booking.
- Waxing should be done at least 24 hours prior to avoid reactions from open pores.
- Hair removal ensures the henna stain is unaffected and allows for easier and cleaner application.

DAY OF THE BOOKING

Clean Skin

- Ensure your skin is free of creams, oils, or any barriers.

Temperature

- Keep the room warm; heat during application is essential for a dark stain.

AFTERCARE

- Keep the henna on for a minimum of 5 hours. Overnight is ideal.
 - Keep the henna warm both before and after removal.
 - Remove the henna without using water. Use a natural oil to help remove stubborn areas.
 - Avoid water as much as possible for the first 24 hours after removing the paste.
